WESLEY BIBON

Bachelor of science in information technology with
specialization in business analytics

Professional Goals

Highly motivated BSIT graduate focused on Business Analytics with expertise in developing applications and using modern web technologies for solutions geared towards business. Ready to work on projects that will make an impact in the company and learn from seasoned professionals.

EXPERIENCE

Big Outsource | January - April 2026

IT Associates INTERN

Assisted with UniFi networking setup, troubleshooting, and cloud migration. Gained foundational computer troubleshooting skills and configured workstations from scratch. Audited computer peripherals. Monitored agent activity and browsing history for policy violations, then generated reports for HR. Logged all tasks in Excel. Also modified Bigousource LMS (Moodle).
